### AND THE BEST PART WAS...

"One of the best parts about HES? The professors! They're not just experts in their fields; they're genuinely understanding and supportive. It's amazing how they can take complex topics and make them accessible. Plus, they really get that life happens outside of class. Their flexibility and willingness to help us succeed? Total game-changer for a student like me. It's been a standout experience for sure!"

-Shaghik Issakhani, Cybersecurity ALM degree candidate
