AND THE BEST PART WAS...

❗ The first course I took at HES was the Proseminar, which terrified me and excited me in equal measure. It had been a long time since I had taken a college course, so it was like boot camp for me. The best part of returning to education is that all my 'less than satisfactory' study habits from undergrad were gone. Now I look forward to reading for class and love every writing assignment. Education is a gift now, not the burden I saw it as when I was younger."
