AND THE BEST PART WAS...

“The class I took in Fall 2023 changed my perspectives and understanding of development in so many ways and contributed to a definite enrichment of my work. There were so many lightbulb moments! The professor was so knowledgeable both as a scholar and practitioner. It absolutely exceeded my expectations. An area where HES has also outshined expectations organizationally is through the wide range of support options available to students through webinars, advising, library, and website.”

-Teri Benner, Global Development Practice ALM degree candidate
