of courses most students take each term

95%

of students are employed full-time while earning this degree

AND THE BEST PART WAS...

“ Before attending my first course at HES, I was a bit worried that due to the program's structure, interacting with my classmates would be difficult and I would feel rather isolated. However, after the first two or three weeks...it was easy to interact with other students as well as the instructors. The [course platform] opens up room for conversations and discussions, allowing students to easily come together, which has been really valuable and positively surprising.”

-Luca Cominato, Systems Engineering ALM degree candidate

STACKABLE CERTIFICATE

- Cybersecurity Graduate Certificate

average years of students'
full-time work experience

16

82%

have professional
experience in the field

active / veteran
military students

the program

WHERE SOME GRADUATES WORK

- AT&T
- Cisco
- Microsoft
- Adobe

SELECT JOB TITLES HELD BY OUR GRADUATES

- Principal Data Scientist
- Senior Information Technologist
- Infrastructure and Applications Architect
- Director Of Software Engineering

LENGTH OF PROGRAM

most: 2-4 years
accelerated: 2 courses fall
and spring, 1 in January and
1 in summer
